# CARYSIL

an introduction

# CARYSIL

**I** Our vision is to engage customers proactively with our specialist knowledge, offering a leading range of work surfaces, sinks, taps and bathroom solutions with tailored delivery and service excellence.

At CARYSIL our commitment to excellence is rooted in our core values, which define who we are and guide everything we do. We are driven by a deep focus on our customers, striving to deliver solutions that meet their unique needs with precision and care. Our team, built on trust and high integrity, works collaboratively to ensure that every interaction and decision is aligned with our principles.

Effective communication is at the heart of our operation, ensuring transparency and timeliness both within our team and with our trading partners. We approach our work with a keen awareness of costs, aiming to deliver exceptional value in all our endeavours.

Our dedication to continual improvement and innovation is reflected not only in our products but also in our processes, as we seek to consistently enhance the way we operate.

A 'can do' attitude permeates our work culture, inspiring us to tackle challenges with confidence and a proactive mindset. We take pride in maintaining a clean, tidy, and organised environment. Our commitment to sustainability and the need to minimise the impact upon the world we live in, is now at the forefront of everything that we do. Understanding that these elements are essential to our efficiency and overall success.

CARYSIL here in the UK is more than just a company; we are a trusted partner committed to delivering excellence through our unwavering adherence to these core values, allowing us to build strong, long-lasting relationships with our customers.

**Marcus Smyth**  
CEO of CARYSIL UK group of companies

# CARYSIL surfaces

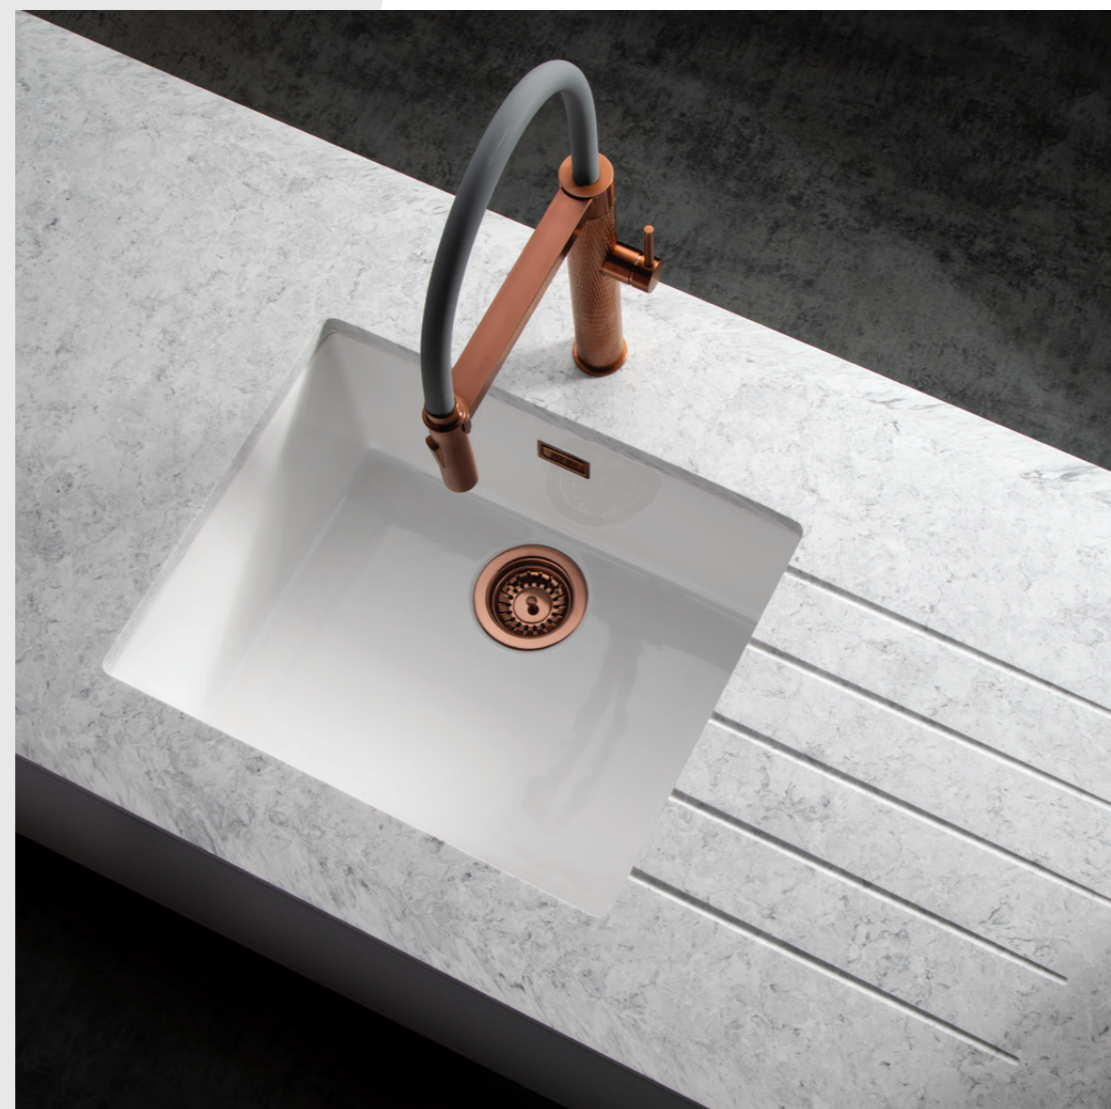

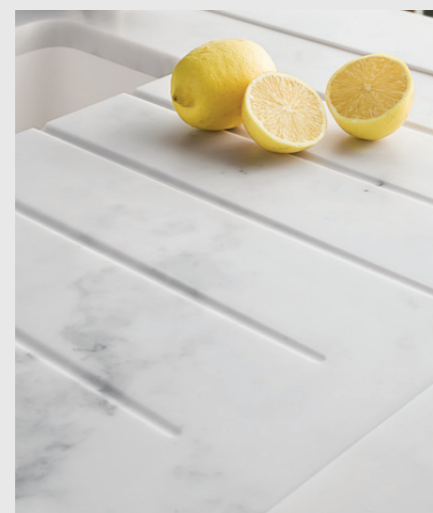

minerva®

minerva® solid work surfaces are produced with a full 25mm thickness, featuring colour consistency throughout for a truly luxurious finish.

Designed to deliver an elegant appearance, a cool, pleasing touch, and robust performance that stands the test of time, minerva® surfaces are backed by a 10-year guarantee against manufacturing defects, ensuring that quality is never compromised for style.

With imperceptible, seamless joints and complete design flexibility, minerva® turns your design aspirations into reality.

Whether you envision sweeping curves or sleek, contemporary lines, minerva® provides the versatility to achieve your vision without the need for specialist installation.

# CARYSIL surfaces

metis® 15mm slimline solid surfaces are expertly designed to deliver both style and efficiency in the kitchen, thanks to their sleek and slender profile. This ultra-thin design allows you to create modern, on-trend statements with ease, without the need for bespoke templating.

Backed by a 10-year guarantee against manufacturing defects, metis® ensures that quality is upheld alongside its stylish appeal.

# CARYSIL surfaces

Introducing our new range of compact laminate worktops – the ultimate solution for modern kitchens and workspaces. Crafted by layering decorative paper and resin under high pressure, these worktops are designed to deliver outstanding durability. They are highly resistant to impact, heat, and moisture, ensuring long-lasting performance.

Understanding the challenges of cutting and preparing compact laminate on-site, we've developed solutions to simplify the process. While we can't prepare the final joint, our worktops are designed to minimize on-site labour, saving you both time and money during installation.

Our mariz range offers more than just standard-sized worktops and breakfast bars, all complete with edge preparation. It includes an extensive selection of upstands and splashbacks in various sizes and two thickness options, plus full island-sized options for a true open-plan living experience.

As expected from CARYSIL, we also offer a premium collection of sinks paired with our mariz worktops in exclusive sink modules. We handle the complex work in advance, providing cutouts, drainer grooves, and undermount fixings, so your installation is seamless and hassle-free.

# CARYSIL bathrooms

metrowall

**metrowall** wall panelling is 100% waterproof, making it the ideal choice for any area in the home where tiles would typically be used. Combining luxury with durability, this premium waterproof panelling is crafted using cutting-edge technology to deliver a high-quality, long-lasting solution.

Available in a wide range of modern and traditional finishes, **metrowall** offers a perfect alternative to tiles, delivering excellent performance with a durable finish. Easy to install and versatile, these panels are ideal for bathrooms, wet rooms, shower rooms, and utility spaces.

Save time and reduce costs with panels that can be fitted in just a few hours without the need for specialist skills, making the installation process faster and more efficient than traditional tiling.

**metrowall** panels are low-maintenance and designed to retain their excellent finish for years to come. With a wide selection of styles available, our panels and colour-matched trims will help bring your unique design vision to life.

Backed by a lifetime guarantee against manufacturing defects, **metrowall** offers the perfect balance of quality and style you can trust.

# CARYSIL bathrooms

minerva®

We have thoughtfully curated a bathroom collection that meets the diverse design needs of today's homeowners, offering both contemporary and traditional styles in furniture, sanitary ware, and brassware.

Our Bathroom Collection is designed to cater to every taste and budget, all while being backed by our unwavering commitment to exceptional customer service.

A stand out feature of the collection is our **minerva®** solid surface floating vanities, which can be perfectly paired with matching **minerva®** wall panels for a cohesive and sophisticated look.

Our solid surface floating bathroom shelves add a touch of luxury and tactile appeal to any bathroom design. With their minimalist, modern look, they offer both aesthetic beauty and versatile functionality.

# CARYSIL sinks

CARYSIL offers an extensive range of sinks in various materials, shapes, sizes, and colours, ensuring the perfect fit for any kitchen. We take pride in providing the widest selection of sinks, taps, and accessories in the UK, all in stock and ready for immediate delivery. All models are manufactured within our own factories, guaranteeing complete peace of mind for our customers.

We specialise in the manufacture and supply of:

- Ceramic sinks (undermount, inset & Belfast)
- Granite sinks (undermount & inset) using **SCHOCK** technology
- Steel sinks (undermount, inset & coloured PVD)

CARYSIL can acknowledge that our sink models are all fully  and  approved for use within UK and Europe.

# CARYSIL sinks & accessories

## COLOUR MATCHED BRASSWARE & ACCESSORIES

Our range includes taps, wastes, and overflow kits in Black, Gunmetal, Copper, and Gold / Brass, perfectly matched to enhance kitchen furniture, complements 'todays' trends and partner our extensive range of sinks.

## SINK ACCESSORIES

CARYSIL also stocks and supplies a variety of sink accessories, including chopping boards in wood and glass, half bowl and main bowl colanders, all designed to complement our sinks.

## CARYSIL sommelier

For serving champagne, wine, or beverages with style, our Sommelier models are the perfect choice, combining elegance and functionality with partners perfectly with a CARYSIL surface.

## PERSONALISED BRANDING

CARYSIL can offer personalised branding options across our entire sink and tap range, allowing you to create your own brand identity and customise our models to meet your specific requirements.

# CARYSIL brassware

The CARYSIL tap collection offers a diverse range of designs tailored to complement various sink styles, from traditional to contemporary. Each product is crafted with a focus on inspiration, innovation, and long-lasting durability, making it an essential addition to any kitchen.

CARYSIL taps are available in six modern and traditional colour finishes, designed to perfectly match our range of coloured wastes and overflows for granite and ceramic sinks. Suitable for water systems with low pressure and above (minimum 0.5 bar), all taps are constructed with fully WRAS Approved materials and come with a five-year warranty, ensuring reliability and peace of mind.

For added versatility, we offer a range of **pull-out spray taps** in six colourways, many featuring coloured hose options to co-ordinate and complement the latest kitchen trends.

The Water Regulations Approval Scheme  is the UK Water Industry's approval scheme. Our range of WRAS approved taps have been fully tested and are fully compliant with the requirements of the water regulations and byelaws.

CARYSIL's innovative **Hot Tap Range** brings a new level of convenience, efficiency, and style to the modern kitchen. Combining advanced technology with expert craftsmanship, our hot taps are designed to meet both functional needs and aesthetic preferences.

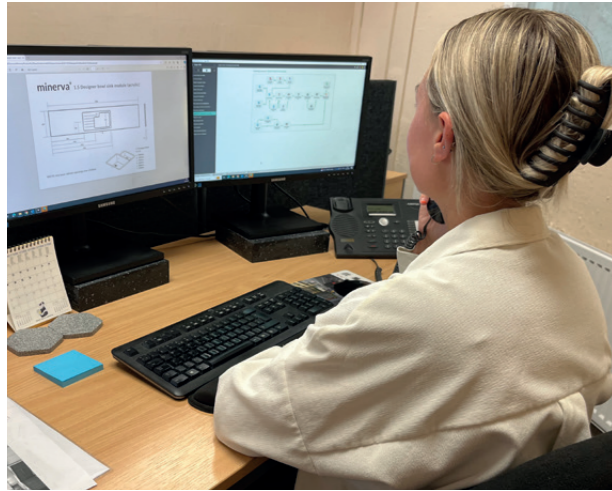

Our hot water taps are configured to dispense instant hot water at 98°C. This is to ensure they meet Code G3 Compliance with  Standards & Building Control for taps that store water at a temperature no higher than 100°C. You can find out more about NHBC requirements for Code G3 Compliant Taps by visiting [nhbc.co.uk](http://nhbc.co.uk) ideal for house builders and developers here in the UK.

The CARYSIL collection of hot taps features by far the widest choice for the UK market. **Single Lever, Twin Lever, Traditional** and **Contemporary**, electronic or manual with designs and colours to suit every household, development project, specification and budget. Our **3-in-1** and **4-in-1** hot taps are perfectly suited for private domestic or building project work in the UK.

**Our warranty and service, supported here in the UK underlines our commitment to you and your customers for total peace of mind.**

## why work with us

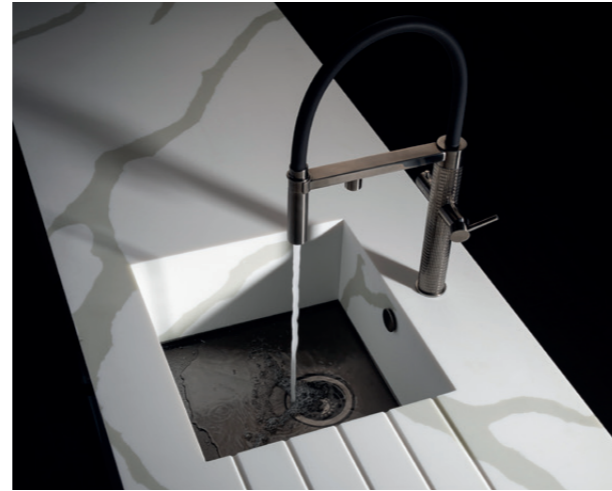

### OUTSTANDING SERVICE

At CARYSIL, we offer a wide range of innovative kitchen and bathroom solutions, complemented by value-added services such as our rapid sample service. We take pride in providing our partners with a significant competitive edge through our flexible distribution network and exclusive access to some of the market's most advanced and high quality kitchen and bathroom products. Our dedicated product specialists and professional sales teams enhance our unrivalled product selection, delivering unmatched expertise. We are committed to providing genuine value to our partners

through personalised service, expert advice, and ongoing support. Our factories and offices in the UK offer growth and support to all staff ensuring that we are at the forefront of providing the best working conditions and practices. Our extensive supply chain experience and substantial stock levels ensure continuity of supply. From order placement to best-in-class packaging, our sample and after sales services guarantee satisfaction every time. We are easy to do business with, streamlining processes to save time and enhance our customers' productivity and efficiency, delivering the products you need when you need them.

### COLLABORATION

We embrace a collaborative approach across all CARYSIL Group companies, both in the UK and globally, and with our partners worldwide. We continuously look, listen, and learn to ensure that the best products and practices are integral to our operations now and in the future.

# CARYSIL

### GLOBAL RESOURCING

As experts in global sourcing, we offer an unparalleled product portfolio in the kitchen and bathroom sector, providing the most comprehensive selection of specialist products here in the UK.

### SUSTAINABLE SOLUTIONS

CARYSIL is committed to sustainability across all operations. Our head office and production facilities are designed with the environment in mind, featuring electric vehicle charging points and electric manual handling equipment. Efficient route planning for our vehicles minimises carbon emissions, and we recycle and bale cardboard, plastic, and timber at all our sites to reduce waste to landfill. Our continued sustainable awareness programme has been instigated and implemented to deliver benefits, a more sustainable future for our customers, their customers and all stakeholders within our business.

### INNOVATIONS IN DESIGN & DEVELOPMENT

CARYSIL is leading the charge in innovative product design in the kitchen and bathroom sector, our home grown team here in the UK continuously design, develop and innovate with product solutions for the home. Our ongoing policy to nurture the skill and talent within our business ensures CARYSIL will continue to lead the way with initiatives for today's and the future's demanding consumer requirements.
